

Rules 2022 Update

Racers become SORC members by competing in any round of the championship.

Classes raced – 10th Scale electric off-road 2wd, 4wd and 2wd Truck (both Stadium and SC).

Trucks added providing there is room within the 12 heat maximum after all 2WD and 4WD entries are in.

A standby date will be added to the annual race calendar in case of cancellation of any round.

Once the series starts, if a club still to host a round cannot fulfil that round, the committee can allocate another club to host that specific round on the same date.

Track surface is to be of a reasonable standard.

Tracks should be contained within a safety barrier, marshals only within this safety barrier.

To ensure meetings run to time, 2 computers should run the meeting.

Clubs should endeavour to meet or exceed the basic requirements for a regional meeting i.e. 3m track, race officials (race director, time keeper), a rostrum which is safe and can facilitate 12 drivers, a referee (with drivernet pc & PA) on rostrum or immediately adjacent.
